

## R<sub>x</sub> 2013- Report

R<sub>x</sub> is an annual festival organized by the Indian Pharmaceutical Association students forum – Maharashtra State Branch with over 22 participating pharmacy colleges across Maharashtra. Since its inception this festival has earned a position of pride for all Pharmacy colleges being one of its kinds.

The essence of R<sub>x</sub> is that it caters to all aspects of a pharmacist's personality right from technical knowhow to cultural prowess to athletic ability and lastly the most central role of a pharmacist, working towards public health elevation and awareness. In today's day and age skills such as networking and communication are imperative to attain success R<sub>x</sub> is one such unique enterprise which promotes and imbibes this into budding pharmacists.

with National AIDS control Society (NACO) and Mumbai District AIDS control society (MDACS) which work tirelessly at the grass root level to fight HIV AIDS.
