

About

SVKM's BNCP

SVKM's Dr. Bhanuben Nanavati College of Pharmacy is one of the topmost Pharmacy Institutes in the State of Maharashtra situated at Vile Parle (West), Mumbai. The college conducts B. Pharm, M. Pharm with specializations in Pharmaceutics, Quality Assurance and Pharmacology and Ph. D. Courses.

The college has received the AICTE-CII award for best industry linked pharmacy institute for the year 2015. It has won the Best College trophy five times in a row at the Rx Festival, an intercollegiate competition (technical and nontechnical events) organized by IPA-MSB. Since its genesis in 2004, the college has grown and achieved success in academic and extra-academic activities.

The college has strategically planned curriculum and activities that match with its vision of being recognised as a top institute of pharmaceutical sciences in the country which develops professionally competent and socially sensitive individuals who cater to the needs of higher pharmacy education, research and industry. BNCP has identified gaps in the curriculum and has taken the initiative of offering ADD-ON courses to its students that contribute to skill enhancement and increases their employability.

Quality Pharmacy Education: Role of Accreditation

March 28, 2016

Organized by-

Shri Vile Parle Kelavani Mandal's

**Dr. Bhanuben Nanavati College of
Pharmacy**

Recipient of best Industry linked Pharmacy College
award by AICTE-CII Survey 2015

Accreditation

About the workshop

Accreditation is a process of quality assurance and improvement, whereby a programme in an approved Institution is critically appraised to verify that the Institution or the programme continues to meet and/or exceed the Norms and Standards prescribed by regulator from time to time. It is a kind of recognition which indicates that a programme or Institution fulfils certain standards.

Benefits of Accreditation

- Helps the Institution to know its strengths, weaknesses and opportunities.
- Initiates Institutions into innovative and modern methods of pedagogy.
- Gives Institutions a new sense of direction and identity.
- Provides society with reliable information on the quality of education offered.
- Promotes intra and inter-Institutional interactions.

Objectives of the workshop

- To understand Accreditation and its importance in an educational institute.
- To have an overview of the National Board Accreditation process as it applies to the Pharmacy program.
- To learn the strategies of preparing the Self-Assessment Report and subsequent Audit.

We anticipate that at the end of this workshop, the delegates would be better informed, more aware of outcome based education and the role of Accreditation, preparation of SAR and Audit preparation. This would ensure that the Graduates from NBA accredited program have a solid educational foundation and are capable of leading the way in innovation, emerging technologies, and in anticipating the needs of the society.
