## WHAT IS MENDELEY

Mendeley is a free reference manager and academic social network that can help you organize your research, collaborate with others online, and discover the latest research.

With Mendeley, you can:

- Create and manage citations of books, articles, videos, and more
  - Import citations from many databases
  - Extract metadata from imported PDFs
  - Collaborate with other researchers online
  - Find relevant papers based on what you're reading
  - Highlight and annotate papers and share those notes with others
- Organize your sources using groups, tags, and filters

**Mendeley** is a desktop and web program produced by Elsevier for managing and sharing research papers, discovering research data and collaborating online. It combines **Mendeley Desktop**, a PDF and reference management application available for Windows, macOS (Sierra and High Sierra no longer supported) and Linux. It also provides **Mendeley for Android and iOS**, with **Mendeley Web**, an online social network for researchers.
